

FEATURES & BENEFITS

- facilitate safe and fast measurement of high current and voltage values without tampering with circuits
- comes with practical case
- large legible display
- measurement value memory function, HOLD

LOGISTIC DATA

Type	UT201
Index Ergom	E07MT-01200101101

Measurement precision:

DC voltage measurement: (200mV/2V/20V/200V/600V) $\pm(0.8\%+1)$;

AC voltage measurement: (2V/20V/200V/600V) $\pm(1.2\%+5)$;

AC current measurement: (2A/20A/200A/400A) $\pm(1.5\%+5)$;

Resistance measurement: (200 Ω /2k Ω /20k Ω /200k Ω /2M Ω /20M Ω) $\pm(1\%+2)$;

MECHANICAL DATA

Measuring jaw span	28
--------------------	----

ELECTRICAL DATA

Alternating current measurement	2V 20V 200V 600V
Direct current measurement	200mV 2V 20V 200V 600V
Resistance measurement	200 Ω 2k Ω 20k Ω 200k Ω 2M Ω 20M Ω
DC current measurement	2A 20A 200A 400A
